LAKE CHAPALA, the largest natural lake in Mexico, is home to the world's largest English-Speaking community of expatriates, many of them originally from the U.S. or Canada. This directory serves that community, as well as the many English-speaking tourists who visit the region every year.

A number of factors attract foreigners to the area: excellent climate, natural beauty, reasonable cost of living, and friendly people. All of the components for a comfortable lifestyle are available here, or within a short drive. The ads in this book illustrate those amenities.

Arguably the principal attraction to Lake Chapala is its semitropical climate, rated among the best in the world. At about 5,000 feet above sea level, with

The Lakeside area is shared by vehicles, bicycles, golf carts, horses, burros, boats and wildlife.

an average temperature of 75° Fahrenheit, the sun shines almost every day. Even when the cooling rains come (June to September), it almost always rains during the late-night or pre-dawn hours, with the sunshine returning during the day.

Fireplaces are common, although mostly for ambiance. So moderate is the temperature that air conditioning and heating units are rarely seen.

Mexicans and foreigners alike enjoy the area's colonial architecture, reasonably priced hand-crafted goods, and an abundance of both traditional Mexican or international cuisine.

Unlike many areas of Mexico, a number of amenities are readily available here due to the large foreign community in residence. International ethnic restaurants, steakhouses, and imported goods of all varieties can be found. Two- to five-star hotels, spas, touring companies, and scores of English-speaking organizations serve the year-round residents, the snowbirds (northerners who winter here) and tourists.

Over the past years, the Jalisco State government has invested greatly in improvements to populated area, such as the renovation of the old train depot, parks, bike lanes, and the Chapala and Ajijic boardwalks.

Many of the small pueblos along the lakeshore offer diversion, and an endless selection of art, clothing, handcrafted furniture, jewelry, decorative items, etc.

HISTORY & CULTURE

Two islands are found in Lake Chapala. One of these, Scorpion Island, is a sacred site for indigenous Mexicans. The other, Mezcala, is a national monument and the site of a glorious episode in Mexican history.

In the early 1800's, from their stronghold on the island, a very determined band of 1000 Mexican insurgents — grossly outnumbered and with little or no arms and supplies—held off the powerful Spanish army and navy for four years. Eventually defeated by typhoid and dysentery rather

than force of arms, the freedom fighters' brave resistance is said to have inspired Mexico's independence in 1821, ending 300 years of colonial rule

Just before the start of the 20th century, tourists discovered the sleepy little fishing village of Chapala and a small building boom began. D.H. Lawrence wrote his novel *The Plumed Serpent* while living in Chapala. The novel is set on Sayula Lake, although the description is clearly that of Chapala town and lake.

CONDITION OF THE LAKE

In the early 1990s, with the construction of numerous dams and an increasing demand for water for industry and farming, a tug-of-war over rights to Lake Chapala and its water supply began. As a result, the lake level dropped to a critical stage and received worldwide attention.

In 2003, Lake Chapala was accepted as a full member of the Global Nature Fund's Living Lakes program, which works to protect and preserve endangered lakes of

As these photos by local photographer Roger Simerly show, the Lakeside area offers a wealth of scenic and historical sites.

the world, such as Lake Chapala.

Unusually abundant rainy seasons in recent years, 2018 in particular, combined with upstream dams being filled and thus forced to release excess water, have restored the lake level, bringing a flood of tourists back to the area.

In early 2009, Lake Chapala was added to the international list of important wetlands by the Ramsar Treaty. Enlistees of agree to conserve and protect natural wetland areas which provide waterfowl habitat, such as Lake Chapala. The move is helping check environmental degradation of the lake.

Although the lake has been between 60%-80% full since 2004, misconceptions that the lake is drying up and dying persist to

this day. Actually it is healthier than most people realize. The lake has been approved for recreational use since 2008.

A detailed "State of the Lake" article can be found on the website BestofLakeChapala.com.

LAKESIDE TOWNS

Chapala

The county seat in the central northshore area, Chapala offers several parks, the recently renovated boardwalk (malecón), an American Legion facility, and the largest tianguis (outdoor market) in the area. Although several satellite subdivisions around Chapala are almost exclusively expatriate, the town itself is mostly populated by native Mexicans

who graciously accept the foreign community.

San Nicolas - Mezcala

East of Chapala lies several small pueblos, including San Nicolas and Mezcala, as well as the Vista del Lago subdivision, country club and golf course.

A full-scale restoration project on Lake Chapala's Mezcala Island and the town offer a new museum and boardwalk as part of plans to turn the town and island into an important heritage site and tourist attraction.

Ajijic - Pueblo Mágico

A few miles west of Chapala lies the town of Ajijic, recently designated a **Pueblo Mágico** (See feature on page 19).

Ajijic (Cont.)

Ajijic is home to the area's largest English-speaking population. Many are retired, although the number of younger expatriate couples and families moving here is increasing.

The town is known for its foreign artists and writers who have found Ajijic to be the perfect place to pursue their work.

The town possesses numerous villas and luxury homes with every modern convenience. Many elegant hotels, spas, B&Bs, a water park and ethnic restaurants are located here, with the Lake

Chapala Society forming a hub of activity for English-speakers.

San Antonio Tlayacapan

Just east of Ajijic is the town of San Antonio Tlay, with a

A lovely plaza and an outdoor auditorium are found here, in addition to a bustling commercial center on the highway through the town. The subdivision and golf course of Chula Vista lies between San Antonio Tlayacapan and Chapala.

San Juan Cosalá

Heading west along the high-

way past Ajijic, one finds the small town of San Juan Cosalá, famous for its thermal water Balneario (pools and bathhouse). On the outskirts of the town is a historic cluster of seafood restaurants called Piedra Barrenada.

Above the town of San Juan Cosalá lies the Raquet Club, an upscale development that offers spectacular views and amenities.

Jocotepec

On the westernmost shores of Lake Chapala is the thriving town of Jocotepec. An increasing number of foreigners seeking economical rent and friendly people are making Jocotepec their home.

Although Jocotepec is further from Ajijic (center of the foreign community), the town is laid-back, yet still progressive, offering a cultural center, library, malecón, ecological park, and bandstand in the plaza. Motorcycles, scooters and 4-wheelers are a very common mode of transportation in Jocotepec. Additionally, a bypass allows quick access around Jocotepec and on to Guadalajara.

Ixtlahuacán de los Membrillos

North of Chapala is the up-and-coming town of Ixtlahuacán.. Located midway between Guadalajara and Ajijic, the town is attracting an increasing number of expatriates.

Across the highway from a newly constructed town entrance are stands selling delicious wines, jellies and other products made from the tart apple-like *membrillo* (or quince), the town's namesake.

Ajijic granted prestigious Pueblos Mágicos status

The Lakeside Chapala town of Ajijic was recently named one of nine Pueblos Mágicos (Magical Towns) in the state of Jalisco and one of 131 across Mexico. The Pueblos Mágicos program seeks to spotlight, promote and improve the country's brightest and most unique destinations for national and foreign visitors.

The announcement was made in Mexico City on Dec. 1, 2020, by the federal Tourism Secretariat following a third try by Ajijic to obtain the coveted designation.

The Pueblos Mágicos designation brings access to funds for infrastructure improvements and promotion of tourism events and venues.

Acceptance into the Pueblos Mágicos program is based on evaluations of a town's role in the nation's history, its architecture, culture and traditions, festivals, gastronomy, natural beauty, hospitality of its people and its contribution to ecotourism.

Tips for Newcomers

Tip Number 1:

The English-speaking community at Lake Chapala has an unrivaled grapevine; take advantage of it!! Word-of-mouth has always been especially useful and extensive here, and with a new bevy of internet web boards, blog sites and forums, there is little you cannot find out online or from friends. You may want to take what you hear with a grain of salt, but you can certainly find opinions and advice on just about every subject imaginable.

Tip Number 2:

Make life easier by taking advantage of payment options. Many utility and service payments — such as electricity (billed every two months), telephone, cable or satellite TV (billed monthly), etc. — can be made at local stores such as Oxxo, Soriana or Walmart. In addition, some local banks will automatically deduct the amount from your account and pay your bills when they come due. Also, a very limited number of places in Mexico can accept your credit card, so be prepared to pay cash.

Tip Number 3:

Explore your surroundings! Although it helps to know at least a smattering of Spanish, our Mexican hosts are usually quite gracious and friendly. Do not assume they speak no English; a large number of them speak at least *some* English. Common courtesy is always a must, and a good place to begin is at the weekly Street Market (*Tianguis*) and weekly Farmers' Markets. Here is the schedule...

Street Market Schedules*

Ajijic	Wed 9 a.m.-2 p.m. east side of Plaza Bugambilias
Ajijic West	Tues 9:30 a.m.-12:30 p.m. Salon de Huerta, Carr. Pte. 533
Chapala	Mon 8 a.m.-3 p.m. Alvaro Obregón across from Pemex
Ixtlahuacan	Sun 8 a.m.-3 p.m., Ramón Corona off 16 de Sept.
Jocotepec	Thurs 8 a.m.-3 p.m one block west of town plaza
San Antonio	Mon 9 a.m.-12:30 p.m. Gonzalez Gallo 86
“	Mon 10 a.m.-12:30 p.m. Sunrise Rest. Hidalgo 119

* All are subject to change, so watch for announcements online for Farmer's Markets at additional locations such as Pancho/s Deli Market, Smoke House Restaurant, etc.

Tip Number 4:

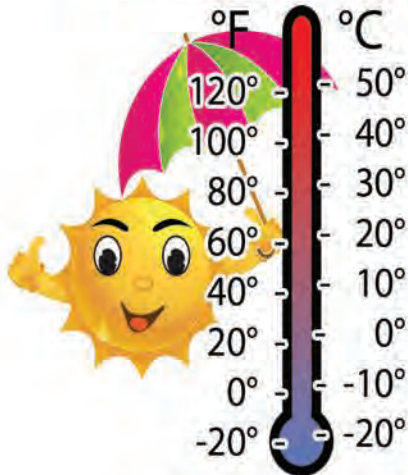

Use common sense. Anywhere in the world, it is inadvisable to flash your money or expensive jewelry around, fail to lock your home or car doors, open your door to strangers, etc., and Mexico is no different. In the unlikely event you should find yourself the victim of a crime, please *report it!* Contact the municipal police and go to the *presidencia* near the Chapala *malecón*. It is helpful to bring a translator if you do not speak Spanish.

Publisher's Note: The Chapala Directory was created to fill a need for a user-friendly and comprehensive reference for the English-speaking public living or visiting here. We strive to improve the directories with each printing, and rely on reader feedback to guide our efforts. We invite you to submit your listings and suggestions to: **ImagenMxPublicidad@gmail.com**.

How to use your Chapala Directory

The Chapala (Lakeside) Directory contains two basic sections:

- 1. INTRODUCTORY SECTION:** Emergency numbers, ads, the most recent People's Choice Winners, area Information for residents and tourists, metric conversion tables, Street Market (*Tianguis*) Schedules, special events, area street maps, and a Year-at-a-Glance calendar.
- 2. YELLOW PAGES:** The business section (Yellow Pages) begins with an Index to alphabetized categories, an index by business name, and a translation of most often used categories in Spanish-English. For ease of reference, some cross-references by category are provided.

Dialing Information

IMPORTANT NOTE: Dialing protocols are similar to the US and Canada. As in Canada and the U.S., **all numbers in Mexico have a 3-digit area code, followed by a 7-digit local number.**

- **Dialing ANY phone number within Mexico** — whether local, long-distance, land line or cell phone requires the input of only 10 digits.
- **International Calls to Mexico:** The (1) previously used to call a Mexican number from abroad is no longer needed. The only thing that is needed now is the country code (+52). The formats to call from abroad are:
 - Landline: 52 + city code + local number
 - Mobile phone: 52 + local 10 digit number
- **International Calls from Mexico:** To call abroad from Mexico, dial (1) + area code and 7-digit number.
- **Toll-Free Dialing:** To call 800 numbers from Mexico, dial 001 and then:

800 - replace with 880	855 - replace with 884	866 - replace with 883
877 - replace with 882	885 - replace with 884	888 - replace with 881
- **Operator Assistance:** Call 040 or 800-123-2223 for assistance within Mexico. Call 090 if you need assistance for international calls, and 800-368-0500 for an English-speaking operator.
- **Emergencies:** Call 911, as in U.S., Canada and many other countries.
- **The local City / Ground Line Area Codes are:** 376 in the Ajijic-Chapala Area, or 387 in the Jocotepec-San Juan Cosalá area. The area code for the Guadalajara Metropolitan area is 33.
- **Lakeside Ground line (or Cell Phone) Prefixes are:**
 - Ajijic & San Antonio Tlay..... **(376) 766** or 106, 108, 688
 - Chapala & Riberas del Pilar..... **(376) 765** or 106, 108, 688
 - Ixtlahuacan dlm..... **(376) 762** or 106, 108, 688

*Giving Medically Challenged Children
the Opportunity They Need*

Niños Incapacitados is a not-for-profit, all-volunteer organization that helps Mexican families who require financial assistance, to pay for ongoing and/or major medical expenses for their children who have serious disabilities or life threatening illnesses.

Approximately 96% of all money received or raised through fundraising goes directly to the children.

Villa Infantil

A Home for Children

The Villa Infantil de Nuestra Señora de Guadalupe y San José, A.C. is an orphanage at Lake Chapala that cares for very young children found abandoned on the streets of Guadalajara.

The focus of our group is education of the children and support for their health and welfare. We receive NO funding from the state or federal government; we depend entirely on private donors, sponsors and fundraisers to provide the needed financing for the family at the Villa.

We welcome all who wish to help. We know that all gifts are important no matter the size. Whether you wish to spend an hour visiting at the Villa, donate your time, a meal, or a monetary gift, all are accepted with gratitude.

Visit our website at FriendsOfVillaInfantil.org or give direct to our cause through lakechapalacharities.org and receive a tax deduction on the amount you give.

Sheinbaum & Trudeau navigate trade threats

On Monday, all three North American leaders claimed victories as U.S. President Donald Trump delayed implementing 25 percent tariffs on imports from Mexico and Canada for one month.

Although Trump initially announced the start of tariffs on February 1, he later suspended the measure two days later after reaching a "friendly" agreement with Mexican President Claudia Sheinbaum.

Trump's move to delay the tariffs was seen as a major step to curb the flow of undocumented migrants and fentanyl into the United States—issues he had declared a "national emergency."

Media outlets offered varying takes on who emerged as the real winner in the negotiations.

Fox News, for example, ran a headline claiming that "Mexico and Canada buckle to Trump's tariff threats."

Meanwhile, in a trade deal, Trudeau's "concession" involved a C\$1.3 billion (US\$1 billion) investment aimed at disrupting the fentanyl trade, providing new tools for law enforcement, and enhancing coordination with U.S. authorities.

However, many media outlets quickly pointed out that these measures had already been announced by the Biden administration. Trudeau also promised to appoint a "fentanyl czar" to lead the U.S. effort.

Deep devotion for Saint Jude in Jocotepec

EXPATS SOLIDARITY WITH MEXICO

A group of around a dozen foreign residents of Lakeside gathered in front of Chapala City Hall on Wednesday, February 5, to show their solidarity with Mexico and to protest the harsh immigration policies being enacted in the United States. Several participants in the demonstration spoke with reporters to express their gratitude for the warm welcome they have received

Devotees stood in line for up to an hour at the El Señor del Monte church in Jocotepec for a close-up look and to touch a "relic" of Saint Jude Thaddeus, one of the 12 apostles of Jesus, which has been on a tour of communities in Jalisco from January 20 to February 3.

Saint Jude is venerated by many Catholics who often turn to him when circumstances seem unbearable or hopeless, earning him the title of the "Saint of Lost Causes." Relics are physical objects or fragments of a saint's body that are preserved and venerated.
